Please read and sign this Pre-Inspection Agreement, which becomes part of the final report. This document explains the Scope of the Inspection, Limits of the Inspection, General Exclusions, Terms and Conditions, Limitations of Liability, and an Arbitration Agreement. You may call us for an explanation of this agreement or any aspect of the report which you do not fully understand.

SCOPE OF INSPECTION

The purpose of the inspection is to report the general condition of the home and identify and disclose major defects and deficiencies of the inspected systems and components which existed at the time of the inspection and which are evident to the inspector upon ordinary visual observation. Minor and cosmetic defects may be listed in the report for maintenance purposes but it is not the intent, nor will the inspection report identify and list all minor and cosmetic defects.

The inspection is intended to evaluate systems and components of the primary premises. Included with the inspection is the evaluation of primary attached garages/carports/decks/porches/patios. The inspection does not include evaluation of detached garages/carports/patios/decks or other structures unless explicitly specified.

The client is encouraged to accompany the inspector during the inspection. Client participation shall be at the client's risk for personal injury or damage to person or property for any reason or from any cause. The inspection and report are performed and prepared for the sole, confidential and exclusive use and possession of the client(s). The inspection report is not transferable. Systems and components to be inspected include: exposed and visible foundations and structures, exteriors, roofing, plumbing, electrical, attic, interiors, bathrooms and kitchen, basement and crawlspaces, heating and central air conditioning, and garage or carport.

LIMITS OF THE INSPECTION

The inspection is limited to the readily accessible and visible systems, equipment and components of the home. The inspector will not dismantle and/or move equipment, systems, furniture, appliances, floor coverings, finished or fastened surfaces or components, personal property or other items to conduct this inspection or otherwise to expose concealed or inaccessible conditions. The inspection will not include destructive testing of any kind.

GENERAL EXCLUSIONS

The following conditions are NOT within the scope of the inspection unless explicitly specified with an additional charge:

- 1) Water or air quality
- 2) Presence of toxic or carcinogenic matter emitted from the ground, building materials, in water or air supply or from the operation of any equipment.
- 3) Items that are obstructed, inaccessible or not in plain view.
- 4) Mold or mold type.
- 5) Animal or insect infestations.

Examples of the conditions excluded above include the presence or absence of environmental hazards, asbestos, lead paint, lead pipes, lead solder, radon, urea formaldehyde insulation, toxic wastes, polluted water, mold, or termite/pest infestation. It is the responsibility of the client to conduct further inspection by qualified consultants to disclose the presence of these contaminants and the means of remediation.

Allegiant Home Inspections can perform the following services for the additional fee below.

You acknowledge and agree that this Inspection and the inspection report and findings are limited in nature and scope, and that the following are outside the scope of the inspection, therefore they cannot be accurately assessed by the inspector during a limited inspection: appliances, Ancillary electrical systems (including: TV cable systems and antennas, intercom systems, lightning protection systems, playground equipment, swimming pools, hot tubs/spas, free standing heating stoves, humidifiers, air purifiers, solar systems, water softeners and filters, wells, septic systems, latent defects, adequacy of system designs, zoning or building code compliance, heating cables, fire escapes, elevator components and shafts, air-quality analysis,

concealed wiring, door opening and doorbell systems, fire alarm systems, security systems, telephone systems). Basic operational testing of built-in kitchen appliances is performed (dishwasher/oven/range/microwave/garbage disposal). No determination beyond basic operation is made regarding the performance or service life of appliances.

THE INSPECTION AND REPORTS ARE NOT A GUARANTEE OR WARRANTY that the items inspected are defect-free, or that concealed defects do not or will not exist. Problems may exist even though signs of such may not be present during the inspection. No representation is made as to how long any equipment will continue to function.

THE WOOD DESTROYING INSECT INSPECTION IS NOT A GUARANTEE OR WARRANTY The Wood Destroying Insect report is indicative of the conditions of the structure(s) included above on the date of the inspection and is not construed as a guarantee or warranty against latent, concealed or future infestation or defects. Based on a careful visual inspection of the readily accessible areas of the structure(s).

SCOPE OF MOLD INSPECTION

The purpose of the mold inspection is to identify and report signs of potential mold growth along with conditions that are conducive to mold growth as evident to the inspector on the day of the inspection. The inspection is a non-intrusive, visual examination performed for a fee identified below, and is limited to the primary building along with its attached parking structure. The inspection includes only visual and readily accessible components and systems. Mold sampling and laboratory testing are optionally performed with the client's acceptance of additional fees outlined below. This mold inspection is not a home inspection and does not identify physical defects in any component or system.

The inspection will be performed in accordance with the Standards of Practice of the National Association of Mold Remediators and Inspectors (NAMRI) in effect at the time of this inspection. Systems and components to be inspected for signs of potential mold growth and conditions that are conducive to mold growth include: exposed and visible landscaping, exteriors, foundations, roofing, plumbing, attic, interior rooms, basement and crawlspaces, heating and central air conditioning, and garage or carport, where these components are visible and readily accessible on the day of the inspection.

If conditions permit, the client is encouraged to accompany the inspector during the inspection. However, client participation shall be at the client's risk for personal injury or damage to person or property for any reason or from any cause. The mold inspection and report are performed and prepared for the sole, confidential and exclusive use and possession of the client(s). The mold inspection report is not transferable. The client agrees to read the entire mold report upon receipt will promptly contact the inspector with any questions or concerns regarding the mold inspection.
